

China Manufacturing Engagement Checklist

Starting with PA — what makes the first conversation productive.

1. Your product

- A representative drawing or two (NDA available)
- What it does and what must not fail
- Standards your industry requires

2. Your volumes

- Annual quantities and batch pattern
- Pilot timeline in mind

3. Your history

- Current sourcing pain (quality, communication, drift)
- What a great supplier relationship looks like to you

Send via the quote form, or email support@pa-international.com.au. One dedicated engineer replies with engineering feedback and itemised pricing.
